

Simple Pump Quote Request Worksheet

Print this page and fill it out by hand while measuring your well. Then either transcribe your answers into the online form at simplepump.com/request-quote (<https://simplepump.com/request-quote>) , email the completed sheet to info@simplepump.com, or give it to your Simple Pump dealer.

Check () one box per question unless noted. Required items are marked with an asterisk (*).

Step 1 — Well Location

1. Where is your well located? * (Select one)

- Inside a pump house or home
 - Outside, ground level
 - Outside, but in a pit
-

Step 2 — Well Details

2. Total well depth * — Total depth from the ground down to the bottom of the well.

Depth: _____ feet

3. Static water level * — Depth from the ground down to the water surface when the pump is not running. This is a smaller number than the total well depth.

Static water level: _____ feet

4. How was the static water level determined? * (Select one)

- Estimated
 - Measured
-

5. Recovery rate * — How quickly does water return to the well after pumping? (Select one)

- More than 5 GPM
 - 4–5 GPM
 - 2–4 GPM
 - 1–2 GPM
 - Less than 1 GPM
 - Don't know
-

6. Casing diameter * — Inside diameter (ID) of your well casing. (*Select one*)

- 2"
- 3"
- 4"
- 4.5"
- 5"
- 5.5"
- 6"
- 6" sleeve + 4" liner
- 6.25" thin-wall (6-5/8" OD, 20.8" circumference)
- 6.25" thick-wall (7" OD, 22" circumference)
- 6.25" ID / 6.625" OD + 4" liner
- 6.25" ID / 7" OD + 4" liner
- 8"
- Other — please describe (include material, ID, OD):

7. Casing above ground * — How far the casing extends above ground level. (*Select one*)

- More than 24"
- 12" to 24"
- 2" to 11"
- Less than 2"

8. Vertical rise * — Vertical distance from the well head to the point where water is delivered. Use a negative number for downhill, or 0 for level.

Vertical rise: _____ feet

Step 3 — Current Setup

9. Current pump type — What pump, if any, is in the well now? (*Select one*)

- Submersible on pitless adaptor (pipe through the **side** of the casing, underground)
- Submersible — **not** pitless (pipe through the **top** of the well cap)
- Jet pump

- Other (describe in the Comments box at the end of this worksheet)
- No pump in the well (*skip to Step 4*)

⚠ Read before ordering if you chose pitless: Some pitless adapter types do not allow a hand pump to be installed. Remove the cap and verify the adapter type before ordering — once the system ships, standard return policy applies.

10. Position / set of the current pump (*skip if "No pump in the well"*) — Depth from the ground down to where the current pump is set. This is a larger number than the static water level, and cannot exceed the total well depth.

Pump position: _____ **feet**

11. Submersible pipe size (*only if you chose "Submersible — not pitless" above*) — (*Select one*)

- 1" (~1.3" outer diameter)
 - 1.25" (~1.65" outer diameter)
 - 1.5" (~1.9" outer diameter)
 - 2" (~2.4" outer diameter)
 - Other — please describe: _____
-

12. Jet pump configuration (*only if you chose "Jet pump" above*) — (*Select one*)

- Shallow well (one pipe) — typically up to ~25 feet
- Deep well (two pipes) — typically up to ~100–150 feet
- Not sure

Jet pipe size going into the well: (*Select one*)

- 1"
 - 1.25"
 - 1.5"
 - 2"
 - Other — please describe: _____
-

Step 4 — Features & Installation

13. Frost line depth * — Enter 0 if you are certain there is no freeze level. Standard is 48" even in warm climates. Contact your local utilities, well company, or builder if unsure.

Frost line depth: _____ **inches** (standard: 48)

14. Will you pump into a pressure tank? * — Most customers pump into a home pressure tank so water is available at the taps. (*Select one*)

- Yes

- No
-

Step 5 — Contact Information

15. Are you an approved Simple Pump dealer? * (Select one)

- Yes — I am requesting dealer pricing
 - No — I am a homeowner or end customer
-

Name and contact

- First Name *: _____
 - Last Name *: _____
 - Email Address *: _____
 - Phone Number: _____
-

If you are a dealer, also fill in:

- Company Name *: _____
 - Customer's Name — for your tracking *: _____
-

Location

16. Country * (Select one)

- USA
- Canada
- Other — please write the country name: _____

If USA — State or Territory *: _____

If Canada — Province or Territory *: _____

If Other — State / Province / Territory *: _____

City *: _____

ZIP / Postal Code *: _____

 **Michigan residents:** The Simple Pump hand pump is not currently approved by the Michigan Department of Water Resources (DWR). Please read our State Approvals page at simplepump.com/support/are-simple-pumps-certified-or-approved-by-state-regulators before ordering.

17. Who will install? * *(Non-dealers only. Select one)*

- My well company will install
 - I need an installer
 - I'll do it myself
 - Don't know yet
-

18. How did you hear about us? * *(Non-dealers only. Select one)*

- Search engine (Google, Bing, etc.)
 - Recommended by a friend or colleague
 - Local business
 - Social media
 - YouTube
 - Television (show, commercial, etc.)
 - Email
 - Other — please specify: _____
-

19. Comments *(optional — use this space for anything else you want us to know)*

20. Attachments — If you have technical drawings, photos, or a well report, you can email them separately to **info@simplepump.com** after submitting. You'll receive a confirmation email with a Customer Reference Code; reply to that email with any files attached.

Accepted formats: PDF, JPG, PNG, GIF, WebP, HEIC, HEIF. Maximum 10 MB per file.

What happens next

When you submit, you'll receive a confirmation email within a few minutes and a personal response from Simple Pump **within 2 business days**. Your information is private — we never sell or share it.
